

# Banking Services

## For Faith-Based Organizations

### The Right Bank<sup>®</sup> Serves the FAITH-BASED Industry

With Pacific Continental you have a partner that gives your organization peace of mind.

## Tailored Banking With Your Mission in Mind

Pacific Continental has a long-standing reputation as a trusted partner that clients can depend on for business-banking needs. We designed a banking program dedicated to serving faith-based organizations just like yours.

Pacific Continental Bank is the right bank for faith-based organizations. We are committed to assisting faith-based groups with managing finances and implementing best practices to protect critical funds. We understand building strong relationships is a top priority in your organization; we strive to forge collaborative relationships with our partners. At Pacific Continental, you can trust that we are invested in the success of your organization and will serve not just as a banker, but as a trusted business partner.

We understand the unique banking needs of the faith-based community. We can help examine internal controls — such as appropriately managing accounts payable and receivable — to ensure funds are not at risk. We can also help you develop guidelines for optimal cash management. From online protection to internal management, Pacific Continental offers assistance in determining how to keep finances secure.

With Pacific Continental, you can be sure your bank is financially sound and maintains a solid capital position.

As a faith-based organization, you place great importance on tithing and donations from congregants. Pacific Continental understands this vital source of funds and has tools to help faith-based groups maximize impact.

At Pacific Continental, we have a strong commitment to giving back to the community. We encourage and support our employees to actively participate in our community. Our team members volunteered more than 6,000 hours in 2013 alone, and raised tens of thousands of dollars through fundraising events within the bank.

Our demonstrated strength and dedication to our clients make Pacific Continental the right choice to handle your business-banking needs. We will be your partner in ensuring the organization's finances are safeguarded so that you can focus on carrying out your mission.

# Business-Banking Product and Services

Pacific Continental can offer faith-based organizations a wide range of products and services designed to meet your unique needs. Whether or not an organization is near a Pacific Continental office, we can provide you with the right banking tools.

## Audit and Security Products

**Online Banking Plus** – Pacific Continental can provide secure online banking with multiple levels of access for administrative staff, as well as convenient online tools to monitor day-to-day activities, extend banking hours and save you time and money.

### **Deposit Plus: Remote Capture** –

Deposit Plus is an innovative online check processing system that allows you to electronically deposit checks throughout the day so you can attend to daily banking needs right from the office. No matter where your organization is located, it's a convenient and highly effective way to improve business efficiencies and enhance cash flow.

**ACH** – Use ACH to provide direct deposit for payroll to employees or to set up any automatic payments the organization makes on an ongoing basis. ACH offers dual approval features and audit trails to protect your accounts.

**ACH for E-tithing** – Pacific Continental offers this unique service to facilitate giving to faith-based organizations. E-tithing allows organizations to better predict cash flow and it provides congregation members with the ability to tithe even when they are out of town or miss a service.

## Merchant Bankcard

Our Merchant Bankcard program, provided by Vantiv, provides the tools, resources, conveniences and services you need to accept all major credit cards and debit cards.

## Depository Services

We can assist your organization's depository needs through our variety of cash management services. We will work directly with you to determine the best services and solutions for your specific needs.

## Financing Options\*

Pacific Continental can offer a range of financing options to faith-based organizations to assist with operations, growth and expansion needs. We offer:

**Lines of Credit** – Our lines of credit can help with large office purchases such as capital equipment.

### **Construction and Building**

**Remodel** – Pacific Continental has extensive experience working with faith-based groups to develop financing plans for construction and remodeling needs. We can help you finance a new office space, worship center or the remodel of an existing building.
